D.O No.Prn.SA/LabFacilityPortal/2017-Pl.II

Dated, 13th October 2021

Dear Chief Secretary,

As you are aware, the Office of the PSA to the GoI has established the online national web portal **I-STEM** (Indian Science, Technology and Engineering facilities Map), listing all the scientific/technical/analytical/research equipment/facilities procured with public funds in academic and R&D laboratories across the country. The portal was launched by the Honourable Prime Minister on 3 Jan, 2020.

संख्या 2257/PSHED/2022

2. The I-STEM supports researchers in academic institutions in conducting their research by providing technical assistance as well as linking them with needed R&D resources/facilities across the country. A researcher may access the use of equipment time slot through the portal in any institution in India. In addition, I-STEM supports academic institutions by providing technical assistance in running their R&D equipment and by connecting them with researchers/start-ups/industries/suppliers/service providers through the portal. I-STEM has also established a digital catalogue of the technologies and products developed indigenously. The portal also allows academic institutions to advertise their webinars/conferences/meeting/skill development programs to help achieve greater participation. Furthermore, academics may use the online meeting platform "Webex" - at no cost - to conduct these webinars/meetings. The portal provides the facility to display vacancies for the students (such as internships) as well as an option for institutions to seek skilled manpower for their R&D facilities. For more details please visit: www.istem.gov.in

3. It would be appreciated if the Universities/Institutions and affiliated colleges in your state can join the **I-STEM** portal. This will help them to access various high-end resources and get connected to the larger research and innovation eco-system of the country. I would accordingly request you that this information may be circulated to all concerned R&D agencies and institutions in your State.

4. In case of any queries Dr. Sanjeev Kumar Shrivastava, National Coordinator I-STEM, (sanjeevs@isc.ac.in & notification-portal@istem.gov.in Mob: 8277566371) can be contacted.

With kind regards

Yours sincerely,

(Arabinda Mitra)
